RE: Workers' Compensation Longevity Distribution

Dear Mrs. Madrid,

On February 8, 2018, the SDRMA Board of Directors approved a longevity distribution for the ninth year in a row. The Longevity Distribution Policy was adopted by the Board to recognize and reward members for their loyalty and commitment to SDRMA programs. The policy is consistent with the goals and objectives of the Board's strategic business plan and helps ensure pool stability by rewarding members for remaining in our Property/Liability and Workers' Compensation Programs.

This year, the Board approved a longevity distribution in the amount of \$593,175 for Workers' Compensation members. Over 88% of members will receive the distribution credit.

Congratulations! Since you have participated in our Workers' Compensation Program for 13 years as of June 30, 2017, your agency will receive a longevity distribution credit on your 2018-19 renewal contribution invoice in the amount of \$3,702. We encourage you to share this valuable news with your governing body!

There is no action required by your agency. Every member that has completed the initial three full program year commitment for the Workers' Compensation Program is eligible to receive a longevity distribution credit when they renew coverage. The longevity distribution may be declared by the Board of Directors each year only after all Board policy reserve requirements have been met. The amount available for the longevity distribution is the amount of investment earnings on reserves above the Board-approved confidence level for each program as of June 30. The distribution is weighted based on the member's length of time in that program and the amount of the member's annual contributions compared to the total contributions of all pool members.
